

Welcome to the wine list at the Cavendish. We take the same care and attention in choosing our wines as we do in choosing our food. Responsible sourcing is very important to us, so many of the wines in this list carry an environmental or ethical accreditation. These include Fair-trade, organic / biodynamic and sustainably produced wines.

The United Kingdom is also increasingly becoming a great source of wine, which naturally have the benefit of carrying low food miles and supporting the local economy. We have three English wines from the award winning Chapel Down winery in Kent which we recommend you try.

WINES BY THE GLASS
